

# Ramon, Ryan

Corpus Christi, Texas 78414 | 7709 Outreau Dr. | 361-946-0828 | [ryanisramon@gmail.com](mailto:ryanisramon@gmail.com)

## OBJECTIVE

---

Learn and grow as a computing professional while providing my current set of skills to a team. Work toward solidifying my role in the industry through producing stellar work and excelling as a teammate.

## EDUCATION

---

**Texas A&M University- Corpus Christi**  
*Computer Science/Bachelor of Science*

**Corpus Christi, Texas**  
*Graduation Date: 12/2021*

**Veterans Memorial Highschool**  
*Highschool Diploma*

**Corpus Christi, Texas**  
*Graduation Date: 6/2017*

*Notable Courses:* Intro to Problem Solving 1 & 2, Computer Architecture, Intro to Database Systems, Operating Systems, Software Engineering, Skills for Computing Professionals, and Computer Networks.

## LANGUAGES & SOFTWARE

---

### Languages:

C++	Java	F#	R
C#	JavaScript	HTML	Lua
C	Python	SQL	UNIX

### Software:

Microsoft Suite	Adobe Suite	Blender	Unity
FL Studio	Visual Studio	Webflow	

## SKILLS

---

- Problem solving- good with debugging, implementing algorithms, and mathematical calculations. Experience with solving many IT related issues.
- Customer service- great communication skills and ability to provide excellent customer service. Spent most of my fast-food experience interacting with customers.
- Leadership & collaboration- often the team leader when assigned a project. Directed the development of many school projects as well as some side works. Trained many new employees while working in the fast-food industry. Part of a soccer team throughout my time in high school.
- Game design- spent much time with game development via Unity and C#. Experience with audio design, 3D modelling, image/video editing, and game programming.
- Web development- experience with .NET, HTML, and Webflow. Developed a website for a local real estate agency for senior capstone project.
- PC building- knowledge of computer architecture and hardware. Built many PCs and compiled part lists for others.

## PROJECTS

---

### NBA Realty & Associates Website

Fall 2021

- Real estate website for NBA Realty & Associates.
- Features a property search tool, active listings by the company, about & contact page.

### Frankenstein Game Engine

Spring 2021

- A hard-coded game engine.
- Implemented core mechanics of a game engine including main game loop, level editor, texture manager, etc.
- A playable maze game was created with the engine.

### Cube Racer

Fall 2021

- A game created using OpenGL.
- Hard coded objects, lighting & texturing mechanics, collision detection, and other game mechanics all through the use of OpenGL.

## CUSTOMER SERVICE EXPERIENCE

---

### Whataburger

Corpus Christi, Texas

Team Member

11/2020 – 11/2021

- Greeted and accommodated guests applying professionalism and effective conflict-resolution strategies.
- Motivated team to maintain steady workflow during busy store hours, assisting other stations for efficiency.
- Trained new employees at cooking stations and taught them basic team collaboration and customer service skills.

### Subway

Corpus Christi, Texas

Sandwich Artist

6/2018 – 9/2019

- Communicated with customers during the sandwich-making process to ensure their meal was satisfactory.
- Multi-tasked at 2 order stations (drive-thru, front register) to deliver specific meal requests in a timely fashion.
- Trained new employees in all restaurant processes, POS software, team collaboration, and customer service.

## SUMMARY

---

Passionate about my major and enthusiastic about applying my education and acquired skills in a professional setting. Hard working and will always put forth the maximum amount of effort to produce quality work. Great team player and quick learner.
